

Mimi Masri, Living Room

Designer Mimi Masri was given the challenge of turning a long and narrow space into a living room. “I wanted a striking room that had appeal and held your attention,” she says.

Masri took advantage of the room facing east, and used a saturated gray for the walls and paired it with chartreuse, which kept the room warm and bright. A soaring window treatment features a Creation Baumann sheer over the glass, with side panels in a yellow-and-white leaf pattern from Schumacher.

Interior design: Mimi Masri, MM Designs, LLC, 3131 Vincent Rd., West Palm Beach, FL 33405; 561/671-1958.

Masri decided to dress up the living room’s floor-to-ceiling chimney with custom, faux-finished modern tin tile by American Tin Ceiling Company and mirrors framed in antique tin from Africa by Andrew Martin Company.

Dramatic fabrics cover the Circa Who wing chair and Excentricities sofa in the center of the space.
